

Dear Vernon Jones,

6/19/2021

Once again, the Mountain Patriots are reaching out to you. First of all, we thank you for such a fantastic visit you had with us in this same park in May. You shared your vision with us, prayed with us, and even sang with us.

We also thank you for the time you shared with Carol Chamberlin at the GOP convention where she provided you a letter, asking for an investigation into Governor Kemp. We understand with the Office of the Inspector General (OIG) and Attorney General Chris Carr in the Executive Branch we are certain; no actions will be taken.

We believe now is the time to open the can worms and expose the snakes of the Executive Branch of Georgia. The Secretary of State (SOS) is the corrupt lynchpin leading the cover up of the 2020 election crimes and the corrupt lynchpin driving the state to use the Dominion machines in our next election. We need to pull the RAT!

We want to wake the people of Georgia up and get them Madder than a wet hen!

The Mountain Patriots are planning a press conference on the steps of the State Capital and we need your help. We want to expose that Fulton County Elections Warehouse was run by an entire team (over 20 people) of Dominion employees and the SOS has covered it up. We want to expose the lies that Brad Raffensperger and Chris Carr have been telling the courts while fighting to allow Georgians their right to a free and transparent election. We want to expose the cover ups and lies Raffensperger has told the state legislature and people of our Great State. We want the citizens of Georgia to know that the new election law is removing the SOS as the Chairman of the State Election Board for a reason.

We know your time is extremely valuable and you have already supported the Mountain Patriots an entire day. However, with the energy and recognition surrounding your election, we would love for you to join us for this event. Few people would care if a Patriot calls for a press conference on the steps of the Capital. Think of people who would care if the Patriot Vernon Jones was once again, supporting a group of concerned citizens and Patriots, his friends, calling for JUSTICE.

We will bring the crowd and we hope you'll bring the press. The Mountain Patriots are expanding their reach every day with hope and prayer to UNITE the Patriots of Georgia. We believe in you and pray for you and will be always be there to support you.

Respectfully,

Robert Covert
